Support Material Capability Assets

(a) For reference purposes only, the Government is responsible for providing the common replenishment spares and items listed below:

1. Common Support Equipment Replenishment Spares
2. Air Vehicle Replenishment Common Spares
3. Training Expendables (even if sole source to the Contractor)
4. Common Bulk Items List (CBIL) Consumables Replenishment Lay-In (Rags, speedy dry, string, grease, alcohol, and non-part numbered maintenance material like sheet stock)
5. Personal Equipment Replenishment Spares

(b) Items procured by the Contractor in fulfillment of this requirement are Government Property in accordance with FAR 52.245-1. Notwithstanding, the Contractor is authorized, without any requirement for additional approval, to:

1. Replace, repair, or modify Government Property used in the performance of this contract
2. Move/relocate material managed under this contract
3. Borrow assets required in the performance of this contract from other related F- 22 contracts on an as required basis. However, nothing in this clause relieves the Contractor of obligations under this or any other contract unless mutually agreed by the parties. Movement of assets between contracts will be accomplished on a loan-payback or other basis, in accordance with the Contractor's Cost Accounting Standard Board Disclosure Statement (CASB). It is an objective of the process to maintain cost neutrality between all contracts involved
4. Replace Government Property that is reported as lost, damaged, or destroyed, immediately upon identification of such or recommended alternative action. The cost associated with such replacement will be considered allowable and allocable to the extent it would have otherwise been allowable and allocable under the contract
5. Flow down this clause in whole or in part to any SubContractor at any tier meeting the criteria described in paragraph (e) of this clause

(c) All property under this clause will be accounted for under the Contractor's or SubContractor's approved property system

(d) This clause is in effect as long as the Contractor and any SubContractor whose contract contains a similar clause has a Government approved property system. Without an approved Government property system, authorization under this clause will be handled on a case-by-case basis and subject to the Contracting Officer's approval

(e) The material acquired in support of this contract, and this contract's CLINs requirements will remain in Contractor control for exclusive use in providing of a Support Material Capability. However, the Government retains right to title of all material acquired to execute this contract

(f) Upon completion of F-22 Support Material Capability activities, as contemplated by this contract, all F-22 assets, acquired by the Contractor in anticipation of full F-22 Air Vehicle Sustainment, shall be rolled over to and made available on any subsequent contract issued by the Government requiring F-22 Material Support Capability. However, the Government retains right to title of all material acquired to execute this contract

(g) In the event no subsequent F-22 contract requiring a Material Support Capability is issued, all residual F-22 assets, acquired during performance of this contract shall remain Government Property and disposition of these assets shall be in accordance with the Government Property Clause at 52.245-1, Section I hereof

Unique Identification

As specified and funded by the individual task orders, the Contractor shall perform Item Unique Identification (IUID) activities in accordance with MIL-STD-130N with Change 1, DoDI 8320.04, DFARS clause 252.211.7003. The Contractor shall record IUID marked items in the Department of Defense IUID Registry IAW DFARS clause 252.211-7003.

Authorization to Use other than New Material

(a) Support services capability is performance-based support of the flying hour program (e.g. field service representatives, heavy maintenance capability, support engineering, etc.). Support material capability provides spares as required to meet the flying hour program in a manner that is consistent with specific performance based results. In order to effectively implement this concept, the following authorization to use other than new material shall pertain to all F-22 contracts

(b) Authorization to use other than new material: In order to implement the support material capability concept in a manner that ensures maximum flexibility and efficiency, it may become necessary to utilize "other than new" materials in the performance of one or more contracts in the F-22 program. "Other than new" material is defined under the clauses at FAR 52.210-5, New Material (APR 1984) and FAR 52.210-7, Used or Reconditioned Material, Residual Inventory, and Former Government Surplus Property (APR 1984). Material is further defined under the clause at FAR 52.211-5, Material Requirements (AUG 2000). These clauses (and any substantially similar clauses in later contracts) require the use of new materials in the performance of the contract requirements, unless the use of "other than new" material is authorized in writing by the Contracting Officer. Subject to the conditions referenced in paragraph (c) below, the Contracting Officer hereby authorizes the use of "other than new" materials in the performance of this contract. To the extent allowed by paragraph (c) below, this authorization includes the use of material previously available to or accepted by the Government and returned to the Contractor as Government Furnished Property
